WHAT'S UP IN 2012

DJB MAG #53 TALENT / 5 DAYS OFF SPECIAL

For the fifth year in row, DJBroadcast will make its selection of upcoming artists for the year to come; 10 artists for 2012. These artists will be presented in an original photo shoot, shot by a young, talented and creative photographer. Furthermore we will dedicate a 32 page special to 5 Days Off (5DO); an electronic music festival in the city centre of Amsterdam, embraced by a diversity of art disciplines that manifest in the Amsterdam club culture.

DJB QDAY

As we like to hold on to successful traditions, DJBroadcast will again throw a party during one of the most crazy national celebrations that our capital is known for. We will team up once again with our friends from Karma Productions and present "Pking op straat met Koninginnedag", right at the corner of the Vijzelstraat and Herengracht.

DJB MAG #54 FESTIVAL SPECIAL

May will be the month in which DJBroadcast will release its yearly Festival Special. Consider it the Dutch clubbing Bible. It may be needless to say that our Festival Special will feature a vast festival agenda, covering The Netherlands but also the more interesting festivals throughout Europe. Flip the pages, and you will also find a festival themed fashion shoot.
